PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate interested in software development, web technologies, artificial intelligence, and collaborative problem-solving. Developing practical skills through programming, academic projects, and student technology initiatives, with the goal of growing into a software engineering role.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science and Engineering

Jawaharlal College of Engineering and Technology (JCET), Lakkidi, Palakkad, Kerala
Expected graduation: 2029

Semester 2 SGPA: 9.05

TECHNICAL SKILLS

Programming	C programming; problem-solving fundamentals
Web development	HTML, CSS, JavaScript
Tools	Git, GitHub, Visual Studio Code
Interests	Software engineering, artificial intelligence, web development, DevOps fundamentals

PROJECTS

Campus Query Chatbot (QBot)

Student project focused on helping users access common campus information through a chatbot concept. A prototype workflow was explored using Zapier.

Personal Professional Portfolio Website

Developing a website to present professional information, technical skills, projects, and resume using front-end web technologies.

CampusFix and StudySync — Project Concepts

Concepts for a campus maintenance reporting system and a student study planner explored through project-based learning.

LEADERSHIP & ACTIVITIES

Content and Information Lead — CSI JCET Student Chapter

Contributes to student-chapter communication and website content planning, including information about membership, activities, and student engagement.

NSITE 2025 — Campus Query Chatbot

Participated in a student project focused on a campus query chatbot.

CERTIFICATION & ACHIEVEMENTS

Yuva AI for All — Government of India, IndiaAI Mission
Semester 2 SGPA: 9.05

CORE STRENGTHS

Willingness to learn • Team collaboration • Communication • Creative problem-solving • Attention to detail
